5

This heatmap visualizes the percentage of the population in the agricultural sector across 35 Indian states and union territories from 1997 to 2015. The states are listed on the x-axis, and the crop years are on the y-axis. The color intensity represents the percentage, with a scale from 0% (lightest) to 100% (darkest). States like Bihar, Uttar Pradesh, and West Bengal generally show higher percentages, while states like Andaman and Nicobar Islands and Sikkim show lower percentages.
