CROSTAB

The screenshot shows the IBM Cognos Analytics interface with a Crosstab view titled "Profit and Administration for State and State". The data is organized by state (California, Florida, New York) and then by Profit and Administration. The interface includes a left sidebar with "Selected sources" and a right sidebar with "Fields" (Columns, Rows, Values, Local filters).

	California		Florida		New York
	Profit	Administration	Profit	Administration	Profit
California	3,841,622.84	4,296,570.55	(no value)	(no value)	(no value)
Florida	(no value)	(no value)	4,021,487.43	4,094,296.26	(no value)
New York	(no value)	(no value)	(no value)	(no value)	4,397,455.81
Summary	3,841,622.84	4,296,570.55	4,021,487.43	4,094,296.26	4,397,455.81

TABLE

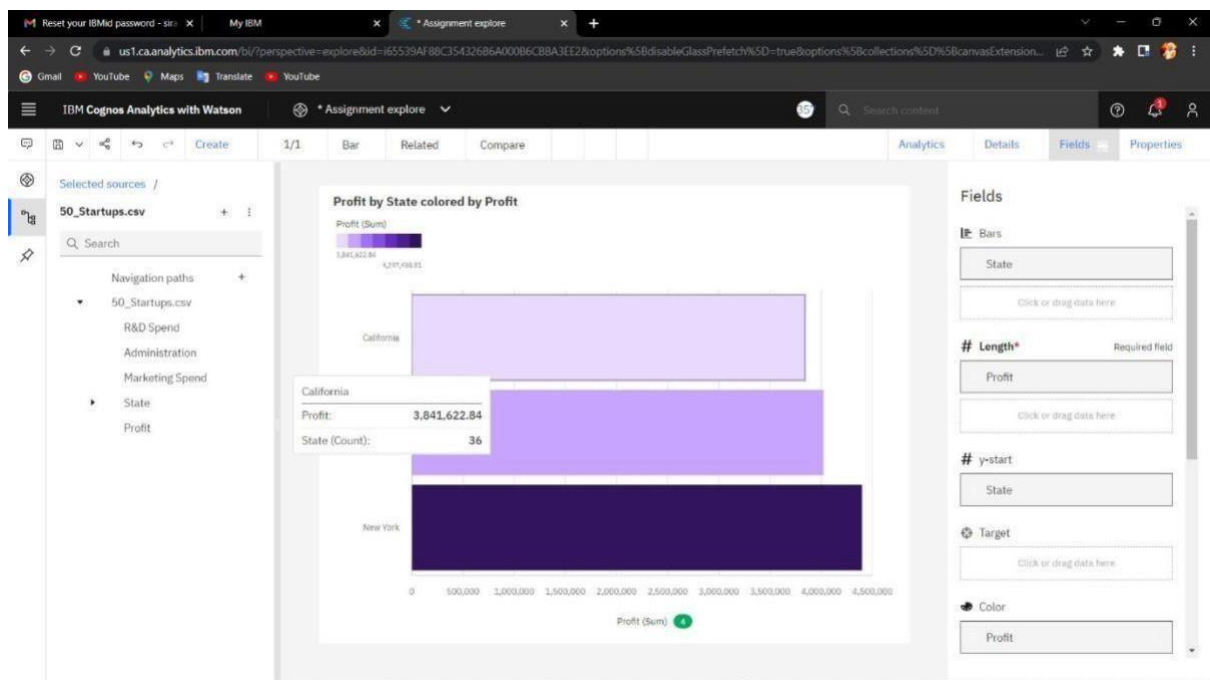

The screenshot shows the IBM Cognos Analytics interface with a Table view titled "State, Profit and Administration". The data is organized by state (California, Florida, New York) and then by Profit and Administration. The interface includes a left sidebar with "Selected sources" and a right sidebar with "Fields" (Columns, Rows, Values, Local filters).

State	Profit	Administration
California	3,841,622.84	4,296,570.55
Florida	4,021,487.43	4,094,296.26
New York	4,397,455.81	4,768,216.39
Summary	12,260,566.08	13,149,085.2
